PORT ARTHUR SURRENDERS TO JAPS

General Nogi Reports This Fact To Tokio Authorities.

ALL TOKIO IS WILD WITH JOY

Steadily the Japanese Forces Advance On the Inner Defenses of Port Arthur—Height After Height Taken Russian Soldiers.

Tokio, Jan. 2.—2:30 p. m.—Marshal Yamagata, chief of general staff, under orders from the emperor, has dispatched the following cablegram to General Nogi:

"When I respectfully informed his majesty of General Stoessels' proposal for capitulation, his majesty was pleased to state that General Stoessels has rendered commendable service to his country in the midst of difficulties, and it is his majesty's wish that military honors be shown to him."

Tokio is wildly joyous over General Nogi's telegram announcing that Gen-

eral Sotessels had sent a letter relating to the surrender of Port Arthur. Newsboys crying extras were the messengers who carried the news to the holiday crowds in the streets. The people grabbed the papers and repeated the cries.

Thus was the news carried throughout the city and within a few minutes the firing of several bombs and daylight rockets began in various parts of the city. Bands appeared and a score of small processions formed and surged the principal streets. Japan has paid a heavy price for he Russian fortress. The prospect of its early possession cheered the people as no other event of the war has done. The emperor's new year reception and audience to the army and navy officers and civil officials continued this morning. The news from Port Arthur gave additional cheer to the general exchange of congratulations.

The Russians at Port Arthur have evacuated several forts during the

night and this morning have blown up a majority of the ships in the harbor.

Gen. Stoessels' Proposals Accepted.

London, Jan. 2.—2:05 p. m.—A dispatch to the Japanese legation from Tokio says General Stoessels' proposals for the surrender of Port Arthur have been accepted by General Nogi.

Tokio, Jan. 3.—Following the dramatic capture of Sungshu mountain Saturday morning, the Japanese today catpured 'H" fort and a recently constructed fort on Panlung mountain, which gives them possession of the entire line Rihlung mountain and "H" fort by way of Panlung mountain. Simultaneously the extreme Japanese right, pressing south along Pigeon bay, captured the heights south of Housay.

A telegram received here late today from the besieging army says:

"Part of the center dislodging the enemy, occupied 'H' fort at 7 o'clock this morning and also captured a new fort on Panlung mountain. Thus the line between Rihlung mountain and 'H' fort, via Panlung mountain, fell firmly into our hands.

"Part of our right, which commenced a bombardment at 8 o'clock this morning and dislodged the enemy who resisted stubbornly, firmly occupied a height south of Housanyentao at 2 o'clock.

News of the continuance of Japanese successes at Port Arthur is received with elation in Tokio. It is known that the Japanese losses were comparatively light. It is believed here that the Russian garrison is finally reaching its limits of strength, endurance and numbers.

It is reported that the Japanese are following up their successes as an aftermath of the capture of Rihlung and Sungshu mountains. They have captured the observation ridge behind Sungshu mountain, slight resistance being shown by the Russians. It is reported that the fosses of the assaulting party on the attack on Sungshu mountain were small. Every indication points to a material weakening of the defensive power of the garrison at Port Arthur.

CRUSHED BENEATH ENGINE.

Three Men Were at Work When Locomotive Was Moved.

Cincinnati, Jan. 3—Clarence R. Beebe, aged 28, a C. H. and D. railroad engineer, met death, and John Fahey, of Glendale, and Harry Hoegemann, had a most miraculous escape, in a most peculiar accident which occurred in the C., H. and D. yards, at Gest street, Saturday morning.

Beebe had charge of engine No. 360, and was running it through the yards when some trifling accident occurred and he stopped the engine and called Fahey and Hoegemann, who are employed in the railroad shops, to repair it. Fahey and Hoegemann were beneath the engine working with the broken pipe and Beebe was kneeling down watching them, with one hand resting upon the rail, when suddenly engine No. 205, of the C., C. and L. railroad was backed into the engine beneath which the men were working. The shock caused the heavy engine to move forward about 15 feet.

POISONED BY INSANE PARENT.

Wife Dead, Husband and Child Critically Ill.

Moreysville, Vt., Jan. 3.—Newell Ellsworth is dead, her husband critically ill and their 10-year-old son seriously sick as the result, according to Health Officer C. C. Rublee, of eating food in which poison had been placed by the mother during a temporary fit of insanity. Mrs. Ellsworth has since died.

On the night of Dec. 14, following the evening meal, Mr. and Mrs. Ellsworth and their son George were taken violently ill. Dr. L. G. Bates, who was summoned, found the family suffering from poison. Young Ellsworth responded readily to treatment and will recover, but the condition of his father and mother grew rapidly worse.

The physicians state that Mrs. Ellsworth has been mentally weak for some time, and that on the date of the poisoning she was irresponsible.

Two Children Burned to Death.

Diamondville, Wyo., Jan. 3.—Two children of John McPhee, one 5 years old and the other ababy, have burned to death in a fire that destroyed the McPhee home. The parents were absent at the time and did not learn of their loss until they returned.

WOMAN FELL INTO HUSBAND'S ARMS

Dr. Chadwick Meta His Wife In Cleveland Jail.

HOPES HE CAN TRUST HER

Pathetic Scene Enacted When Woman Who Borrowed Large Sums of Money Without Security and Her Spouse Meet Face to Face.

Cleveland, O., Jan. 3.—Sheriff Barry and Dr. L. S. Chadwick arrived here Sunday from New York over the Pennsylvania road. Taking a carriage at the union station, they were taken at once to the county jail, where a bail bond of $10,000 was furnished for Dr. Chadwick's appearance in criminal court next Tuesday, when he will be given a preliminary hearing.

The bail bond was signed by Virgil P. Kline, counsed for Dr. Chadwick, and also by J. P. Dawley, counsel for Mrs. Chadwick.

As soon as the formalities in connection with the bond were completed, Dr. Chadwick was admitted to the woman's department of the jail, where he held a long conference with his wife.

As soon as the formalities in connection with the bond were completed, Dr. Chadwick was admitted to the woman's department of the jail, where he held a long conference with his wife.

The meeting between the two was pathetic. Mrs. Chadwick arose when she heard the steps in the corridor and fell in her husband's arms when she recognized him. Both broke down and wept convulsively for several minutes, while clinging to each other.

There was no artificiality about the scene. Real tears were shed and even the sheriff, hardened, as he must be, by continued contact with the people in every form of distress, was himself deeply affected. After the first shock grew less severe the two sat down for a talk that continued for an hour and a half.

Dr. Chadwick has lost everything in the operations of his wife, and the large independent fortune of his only child has been swept away. Mrs. Chadwick tried to imbue him with the thought of her innocence of any wrong doing. His only response to these pleas was, "I hope so."

The troubles into which both have been plunged were thoroughly discussed. The wife told the story, interspersed by violent fits of weeping, in which at times Dr. Chadwick joined. There were no apparent evasion, but there was a constant cry of "Trust me, trust me," on the part of the woman.

"Don't believe these stories which the newspapers have been printing about me," she said. "They are all lies; every one of them. I have done nothing wrong. Believe me; trust me; everything will come out all right in the end, and it will be seen that I have been guilty of none of these things I am charged with. Don't think I deceive you; I will tell you the truth, and I tell you that all these reports are lies—lies."

"I can only hope so," was the husband's answer. "I have trusted you, and it is hard to believe anything; my mind is so confused. This has all been such a terrible shock, and I don't understand any of it. I want time to think of it. I do not say I won't trust you; only give me time to collect my thoughts. Ever since I heard of this trouble in Paris I have been bothered, and my life has been made almost unbearable. I have been followed and hounded until I can think of nothing else. I am not the judge. I can only hope everything will come out all right as you say."

OPPOSE HUNDLEY FOR JUDGE.

Alabama Lawyers Said To Object to the President's Choice.

Montgomery, Ala., Jan. 3.—Two things seem very certain in the matter of an additional federal judge for the northern district of Alabama, authority for which has been asked of congress.

One is that he is badly needed and has been asked for by the Alabama Bar association, and the other, that if allowed, Hon. Oscar Hundley will be appointed to the position.

Alabama lawyers realize the need of the judge, but will not try to have the place provided if it is at all certain that Hundley will secure the position. It is heard that Mr. Hundley wants this place above all others that may be provided for him by the administration, and also that the president is favorable to him to an extent that almost amounts to a promise.

It is further reported that Mr. Hundley will not allow his name considered for any other post.

TREASURY DEFICIT $72,000,000.

Cash on Hand Shows a Falling Off of $80,000,000.

Washington, Jan. 3.—For the calendar year which ended Saturday the treasury will show a deficit of $72,000,000. The expenditures, including the Panama canal payments, were $612,000,000, while the receipts were only $540,000,000. The cash in the treasury, exclusive of the gold reserve and gold and silver coin held against outstanding certificates, is $240,000,000, which is $80,000,000 less than on Jan. 1 last.

The total expenditures were $50,000,000 more and the receipts $8,000,000 less than during 1903. The increase in expenditures, according to an official statement issued Saturday, is divided as follows: Increased expenditures in the navy department, $23,000,000; civil and miscellaneous, $15,000,000; war department, $9,000,00; pensions, $2,000,000; interest, $1,000,000. The postal deficit is included in the civil and miscellaneous expenditures.

The decrease in the total receipts is due to a falling off of $9,000,000 in the customs revenues, in spite of an increase of $22,000,000 in the value of imports. The increase in free imports practically was confined to coffee, raw silk and rubber.

The figures show a deficit of $22,000,000 for the first six months of the current fiscal year, which ends June 30. Secretary Shaw predicts that the balance of the year will reduce the deficit, as the receipts are showing an upward tendencl.

DECISION AGAINST PARKER.

Defeated Candidate's Former Associates Dismiss His Appeal.

Albany, N. Y., Jan. 3.—Alton B. Parker, who resigned as chief judge of the court of appeals to accept a presidential nomination received an adverse decision in the first case he argued before that tribunal since his retirement from it.

Judge Parker appeared about a month ago as counsel for the plaintiff-appellant in the action of Elizabeth Reich against Edith La Bau Dyer and Lillian La Bau Aymar, as executrixes of the will of Mrs. Alice V. La Bau, who was an aunt of William K. Vanderbilt. The litigation grew out of a transaction concerning the Brentwood farm, adjoining the estate of Mr. Vanderbilt, in Islip, L. I. The property was conveyed to Mrs. La Bau by Mrs. Reich as security for a loan, it is claimed, with the understanding that it was subsequently to be purchased by Mrs. La Bau. The suit was for the difference between the amount of the loan and purchase price, which was $40,000.

The court dismissed the appeal with costs.

CONVICTS ARE SUBDUED.

Guards Wanted by Prisoners Have a Chance for Recovery.

Folsom, Cal., Jan. 3.—But for the fact that the hospital here contained several wounded men and three convicts were laid out in the morgue there was no indication at the state prison of the bold dash for liberty made by nine convicts Saturday.

The condition of Charles Jolly, the guard, and Captain R. J. Murphy, who were wounded, was unchanged from last night. Jolly, who was shot through the face, will recover if blood poisoning does not set in. Murpay is wounded in the leg and has two knife wounds in the back.

Warden Yell has in his possession seven knives that were taken from the convicts. They are about 7 inches long and the points are roughly sharpened. "It is a mystery to me how they secreted so many knives," said Warden Yell.

CHARGED WITH THE MURDER OF SISTER

Admissions Made By Defendant May Convict Him.

RIGOROUS WAS THE CROSS-FIRE

Jim Gillespie Was On Stand for Nearly Six Hours and Was Subjected to a Most Thorough Examination by State's Attorney.

Rising Sun, Ind., Jan. 3.—In the presence of the record-breaking crowd of the trial of James Gillespie, the alleged assassin of his twin sister, Elizabeth, testified in his own behalf. He was on the stand for more than six hours, two-thirds of which time he was under the keen and bitter cross-fire of the prosecution.

Jim behaved better than he did in the first trial. He was very cool most of the time, and did not lose his temper. The questions asked by his own attorneys were responded to without hesitation and quite clearly, but when the state took hold of him he answered nearly all the time that he "Did not know," or that he had no recollection on the subject.

Gillespie denied that he ever knocked Elizabeth down, that he ever struck her down with a stick of wood, had ever scalded her or in any other way had used violence toward her. He denied that he had fired the shot that killed her.

Senator Kittinger did not spare the accused, and drew from him admissions which the prosecution believe is almost fatal to the Gillespie cause.

The important points of law involved in some of the state's questions to Myron L. Barbour were decided by the court, who allowed the state to ask Barbour if he did not say to Mr. Perkins, cashier of the bank in which he formerly worked, that he thought Jim Gillespie had killed his sister, and when urged by Mr. Perkins to tell about it, declared that he could not.

Mr. Barbour emphatically replied in the negative, but the defendant's attorneys objected to the question, the competency of which will be passed upon by Judge Cornet. Juror Schroeder complained of a bad toothache, and while he was having the offending molar jerker out, the jury was sent down stairs, and the questions involved in the Barbour interrogatories were argued by the opposing counsel.

Jim Gillespie went in the witness chair about 11 o'clock. In reply to the questions of Congressman Griffith he said that he bore his sister no ill will; that he left home because it was not agreeable for him there, and that he had no quarrel with his mother. In regard to the murder, Gillespie said that he was in the water closet in the rear of the home of Mrs. Belle Seward, the sister with whom he lived, when the shot was fired that killed Elizabeth. It sounded to him like a loud explosion down by the river. A few seconds later, he said, he was on the cement sidewalk in Seward's side yard. Mrs. Belle Seward, Jane Boyle and Mrs. Carrie Barbour, he stated, were there at the time. He asserted that he did not know what had happened, although Mrs. Seward said that she was afraid some one had been hurt across the street.

"Didn't you and the others in the room with you in Belle Seward's house Mr. and Mrs. Barbour and Mrs. Belle Seward, know who killed your sister?" was asked the witness by the prosecutor.

Jim replied in positive tones: "They did not."

Not a detail of the conduct of the defendant on the night of the murder escaped the incisive Kittinger, whose cross-examination was much broader and seemed to be more damaging than the one last May. Mrs. Barbour and Mrs. Seward will be the witnesses next placed on the stand, and court adjourned until noon.

It is believed now that the case may go to the jury next Wednesday.

Democrat Appointed.

Montgomery, Ala., Jan. 3.—Frank Taylor, a Democrat, has been appointed a deputy or clerk in the office of Lee Bryan, United States marshal of the district.

EARLY MORNING FIRE AT HIGH SPRINGS

Easterlin & Co., Summers' Millinery and Dr. Hodges Burned.

A LOSS OF MANY THOUSANDS

Fire Was Not Discovered Until After Flames Had Gained Such Headway It Was Impossible to Check Them. Property Partially Insured.

High Springs was visited by a disastrous fire at 1 o'clock Tuesday morning, which destroyed the buildings occupied as a store by Easterlin & Co., the Summers Bros., millinery, and the building occupied by Dr. B. C. Hodges, with all contents except a few articles saved from the office of Dr. Hodges.

The origin of the fire is not known, but it is said that it originated in the second story of the building occupied by Easterlin & Co., which was known as Newberry's Hall. It was a room which has been used for regular hall purposes, and was not abandoned until the completion of Newberry's opera house a few months ago. When discovered the flames had gained such headway it was impossible to check them, and the excited people who gathered at this early hour could do nothing but stand by and see the property reduced to ashes.

Easterlin & Co. were among the most extensive merchants. They carried a general line of merchandise, aggregating about $4,000, all of which was destroyed. The insurance on this stock was $2,500, insured with various agencies.

The Summers millinery store carried a nice stock, valued at about $1,800. This stock was insured for $800, Cushman & Hill of this city carrying the policy.

Dr. Hodges lost about $500, including the building, which he owned, and office furniture, instruments, books, etc. A great many of his effects were saved. It is not known whether Dr. Hodges carried insurance. He could not say himself, as he stated he always left the matter of renewing policy, etc., to his agents.

The building in which the fire originated was a wooden structure, two stories high, and was valued at $1,200. It was one of the first business houses erected in High Springs. It was constructed by the Easterlin brothers, but about a year ago sold to W. C. Summers. The building was insured.

The burning of these buildings has destroyed with one exception all the wooden buildings east of the railroad track, and, with that spirit of energy which possesses the people of High Springs, it is safe to state that within the next few months substantial brick structures will take their places.

JUDGE MASON'S COURT.

Jim Pelham Arraigned on Two Charges—Other Cases.

There was a session of the county judge's court for the first time in several days Tuesday, and the following cases were disposed of:

State vs. Jim Cooper, carrying concealed weapons. Case postponed until the 17th inst. on account of the absence of witnesses, and defendant placed under a bond of $150 for his appearance at that time.

L. W. Knight vs. Pinkey Hurst, petition to remove tenant. Case tried by court, jury having been waived. Judgment for the plaintiff. Attorney B. A. Thrasher represented the plaintiff, while Attorneys Horatio Davis and Evans Haile appeared for the defense.

Jim Pelham was arraigned upon two charges, those of aggravated assault and carrying concealed weapons. The defendant waived examination and was placed under a bond of $250 for the former and $150 for the latter for his appearance at the next session of the circuit court.

IMPORTANT NOTICE.

This Directly Concerns Every Patron of the Electric Light Co.

Having run our electric plant for one year, we find it absolutely necessary to make a change from all flat rate prices to an entire meter system. During the months of January and February we will install an electric meter in all consumers' places of business and residences using electric current, prices to be as follows:

Under 50,000 Watts, 15 cents per 1,000 Watts. Over 50,000 Watts, 12 cents per 1,000 Watts. Minimum price, $1.00 per month.

All electric light customers will please take notice of this important change and be governed accordingly.

Respectfully,

GAINESVILLE GAS & ELECTRIC CO.

A CREAMY FOOD

Scott's Emulsion is cod liver oil prepared as a food—not a food like bread or meat, but more like cream; in fact, it is the cream of cod liver oil. At the same time it is a blood-maker, a nerve tonic and a flesh-builder. But principally it is food for tired and weak digestions, for all who are fat-starved and thin. It is pleasant to take; children like it and ask for more.

VALUABLE ESTATE SOLD.

Fine Plantation at Hague Bought by J. G. Dampier and W. C. Hague.

One of the important country transfers occurring in Alachua county since the sale of the John Fennell estate at Bennington to N. A. Callison and others was the transfer of the magnificent Hague estate to John G. Dampier and W. C. Hague, two progressive farmers, which transpired Monday.

This tract is situated in the vicinity of Hague, and in fact includes that progressive little village. The tract comprises eight hundred and forty acres of fertile farming lands, largely timbered, and is one of the most valuable tracts in the county.

The land is partially cultivated, and among the best crops in Florida are harvested from its fields. These crops include cotton, corn, oats, and grain of all kinds with the exception of wheat, sugar cane, sweet potatoes, peanuts, hay—in fact everything of standard crop value. There are also several hundred acres of pine timber, which have been leased for turpentine purposes to Padgett & Black. When the turpentine has been secured the timber will be sold for saw mill purposes, which will clear the land.

Messrs. Dampier and Hague have acquired one of the finest tracts in Florida, and friends congratulate them.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

DEATH NOT CONFIRMED.

No Information Has Been Received in Regard to Explorer Nichols.

New York, Jan. 3.—A cablegram from E. H. Conger, American minister to China, has been received by the editor of the Christian Herald in answer to an inquiry about Francis H. Nichols, of Chicago, the explorer whose death in Thibet has been rumored to have occurred while he was enroute to L'Hassa. Minister Conger's dispatch is as follows:

"Nichols left China by way of Burmah for India Sept. 6. No information since then."

It is said the minister was a personal friend of Nichols and had introduced him to all the high Chinese officials in Pekin, and the explorers' friends here incline to if he were dead the minister of China or at least some of the Chinese officials would have heard of it.

MEETING INDORSES PRESIDENT.

Roosevelt Policy About The Hague Tribunal Approved.

Portland, Ore., Jan. 3.—At a meeting held in this called for the purpose of endorsing the efforts of President Roosevelt and Secretary Hay, in bringing about the reconvening of the Hague peace tribunal, a disturbance was created by the efforts of a numerous contingent to prevent the adoption of laudatory resolutions.

The opposition was led by an earnest speaker who stated that Secretary Hay was dominated in his act by the money powers of Great Britain and Europe. Supporting the speaker's attack, the opposition hissed Mr. Hay's name vigorously.

When it came to voting on the original resolution great opposition was expected and was only after for times that the resolution was passed.

DR. CHADWICK IN NEW YORK.

Will Return to Cleveland, O., Without Formality.

New York, Jan. 2.—Dr. Leroy S. Chadwick, of Cleveland, O., who is under indictment in Cleveland with his wife, Mrs. Cassie L. Chadwick, charged with forgery, reached here today on the steamer Pretoria on the Hamburg-American steamer line.

An Associated Press correspondent met Dr. Chadwick and his daughter in his cabin and delivered to him some mail for Miss Chadwick. Upon approaching New York, the Cleveland physician who appeared nervous and distraught during the voyage, became more nervous, and the approach of the Associated Press representative caused him great trepidation.

Chadwick gave the Associated Press a long interview. He will not be placed under arrest at all, but will go as the guest of Sheriff Edwin Barry, who is an old friend.

"There will be no arrest or even detention," Mr. Barry said. "Dr. Chadwick, who had previously been informed of his indictment and probably arrest, consented to return to Cleveland without formality."

Judge Tilden in the criminal court of Cleveland today fixed the bail of Dr. Chadwick at $10,000. Attorney Dawley stated that a bond for that amount will probably be ready when Dr. Chadwick arrives here.

Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life. At all druggists. Price 50c, guaranteed.

ARE READY TO RETURN.

Will Not Hesitate to Testify in Dodge Perjury Case.

New York, Jan. 2.—Mr. and Mrs. Charles W. Morse, of this city, whose matrimonial affairs have attracted so much attention throughout the arrest of Charles Dodge, Mrs. Morse' former husband, on charges of perjury, are in London, according to an American dispatch from that city.

Morse, who is a wealthy banker, and former president of the American Ice company, is perfectly willing to return to New York at once, according to his friends, should his lawyers say it is necessary for him to appear before the grand jury in the perjury case of Dodge.

Mrs. Morse has already made some affidavits in the case and these are now on their way to New York. In spite of the legal tangle of divorce and annulled decrees, the correspondent adds, the couple still consider themselves legally wedded.

Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

May Be Case of Suicide.

Atlanta, Jan. 3.—The police have been asked to make every effort to find Clara Belle Brantley, a young woman aged 18 who has mysteriously disappeared from her home, No. 102 Windsor street. Her relatives believe she has committed suicide and that her case will prove to be similar to that of Sophie Kloeckler, who drowned herself in the lake at Lakewood last summer. It is said that the girl was very despondent and that she had made statements which now induce her relatives and friends to believe she has taken her own life.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

"PUT ON METERS" SAID MR. DOIG

Talk of President Eddins Brought Up Considerable Discussion.

"PAY FOR WHAT YOU GET"

Councilman Doig, Who is Also Manager of a Company Which Uses Large Quantities of Water, Will Trot on Same Track With Meter Users.

The city municipal legislature convened in regular monthly session Monday evening, there being a full board present.

There was little business transacted at this meeting, however, further than the payment of the regular monthly bills.

Among the most important business transacted was a resolution requesting Chairman Doig of the water committee to install meters at the plants of the Eddins Manufacturing Company and the Gainesville Gas and Electric Light Company. It will be remembered that at the meeting of the council in December the question of water rent for the Eddins Manufacturing Company was brought up. Councilman Doig, who is chairman of the water committee, is manager for the Gainesville Gas and Electric Light Company. He stated that his company was paying a certain sum (in the neighborhood of $60 per annum) for water to fill the boilers, and that the Eddins Manufacturing Company was enjoying the same service for one-fourth the money. Alderman Doig also cited the Gainesville Planing and Coffin Mill, which was paying as much in proportion as the Gainesville Gas and Electric Light Company for water, and he did not fail to express himself frankly in this matter. The result was that a resolution was passed raising the water rent of the Eddins Manufacturing Company from $15 to $60 per year, beginning January 1, 1905.

At the last meeting J. R. Eddins, president of the firm, appeared before the council in person. He stated that he thought the raise an injustice, as his company did not use $60 worth of water a year, and he asked for a reduction in the matter. "If Mr. Eddins thinks he does not use that much water in a year let him try a meter," remarked Alderman Doig, who is converted to the meter system in all its branches. "If he does not use that much water a year, and he goes on the meter system, then he is that much in; if he uses more, then he is the plus rate out."

Manager Doig, who has been paying what is termed a flat rate for water, was perfectly agreeable to having his water supply placed under the meter test, with the result that a motion was made and carried instructing the installation of meters at both places.

After a vote of the council to donate $20 towards the erection, etc., of the public drinking fountain which is being installed by the Woman's Christian Temperance Union, and a few minor affairs, the council adjourned.

COL. NAFF HERE.

Special Agent United States Land Office Arrived Tuesday Noon.

Col. A. F. Naff of Washington, D. C., who has been detailed from the general land office at Washington as a special agent to work in Florida in connection with Special Agent Antoine Paul, arrived in the city direct from Washington Tuesday and registered at the Brown House.

Col. Naff was met at the hotel by his old friend, Captain Paul, and the greeting was a most cordial one on either side.

Col. Naff is a Tennesseean by birth, being a native of Greenville, the home of Andrew Johnson. He was appointed a special land agent under the administration of Grover Cleveland in 1889, since which time, with the exception of a brief period, he has been in the government employ, having been transferred several years ago to the general land office. Owing to his health he desired an out-door life, and was recently specially detailed to duty in this State.

Col. Naff is a very pleasant, affable gentleman, and it is a pleasure to talk with him. He is well informed and can speak intelligently and entertainingly on all subjects of general interest. He expects to remain in Florida for an indefinite period, making Gainesville his headquarters, and it is to be hoped he will be well pleased, and that the change will prove beneficial to his health.

Kiss Caused Young Woman's Life.

Logansport, Ind., Jan. 3.—Florence Mitchell shot and killed Ella Swisher early Sunday during a dance at a road house near here. Both are young women belonging to respectable families. Miss Swisher had danced repeatedly with C. L. Morgan, and as she left the dance kissed him. As she did so, Miss Mitchell drew a revolver and fired at her. The second shot was fired as she went through the door, and the third, which penetrated the heart, was fired a moment later. Miss Mitchell has not been caught.

Spoiled Her Beauty.

Harriet Howard of 209 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum, or eczema, for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. Twenty-five cents at all druggists.

DEATH OF MR. PURDY.

Passed Away at His Home in Madison, Wis., Monday Evening.

The Sun received the sad telegraphic information Tuesday morning of the death of Mr. Samuel J. Purdy, which occurred at the home of his daughter, Mrs. Andrew J. Kentzler, Madison, Wis., at half-past eight o'clock Monday evening.

Deceased was about sixty-five years of age. He was well known in this city, having been a regular winter visitor to Odd Fellows' Home for many years. He was a prominent Odd Fellow and Mason, and by his affable, clever manner, made many warm friends here who will regret deeply his demise.

To the bereaved family The Sun, with these friends, extends sympathy.

Fire Damages Normal School.

Athens, Ga., Jan. 3—The Winnie Davis Memorial hall at the State Normal school came near being destroyed by fire. The fire originated in the furnace room and how it started was a mystery. There were no young ladies there at the time, this being the holiday season, and there was no fire in the furnace. The normal school boys, who were there in readiness for the opening of the school this week, turned out and with the hose on the premises kept the fire in check until the arrival of the city fire department, and it was soon extinguished. It is thought that $100 will cover the damage to the building.

Life Savers Make Gallant Rescue.

New York, Jan. 3.—The members of the Oak Island Lifesaving Station added new laurels to those already won in their achievements in connection with the Drumelzier wreck. Captain Doxsee and his valiant men of the Fire Island Station had gone to the rescue of two sailors on the stranded schooner McClellan, at Fire Island, when in attempting to bring their lifeboat alongside it was swept by a heavy sea and dashed to splinters agains the vessel's side. Those on board sprang and caught he low rail, ther legs falling into the sea, but were drawn onto the deck.

SOFTNESS OF SEALSKIN,

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. BEARING DOWN PAINS

3647 Indiana Avenue.
CHICAGO, ILL., Sept. 27, 1902.

I have been a sufferer with almost every kind of female trouble for years, but as long as I could get around and do my work I would not try patent medicines as I had no faith in them.

About eight months ago I had to take to my bed, suffering with prolapsus of the uterus, with bearing down pains and intense pains in the back. My aunt, who came to nurse me told me of Wine of Cardui and sent for a bottle. I am indeed glad that she did, for that first bottle started me on the road to recovery. In a few weeks I was out of bed and in three months I was in better health and stronger than I had been in years. I take a dose now, occasionally, of Wine of Cardui and am kept in perfect health.

Mabel Cooke
Sec'y. Woodman's Circle No. 70.

Wine of Cardui brings certain relief to women suffering any symptom of female weakness and perfectly regulates the menstrual flow. Wine of Cardui stops bearing down pains by permanently relieving the irritation which weakens the ligaments holding the womb in place. You need not suffer every month if you take this medicine. The periodical discharge will be painless and healthy without continual weakening drains. Wine of Cardui will make your health right and you may treat yourself privately in your own home. Secure a $1.00 bottle of Wine of Cardui from your druggist today.

One hundred Chicago druggists are to be prosecuted for selling impure drugs. Out of 139 decoy prescriptions sent out by the Illinois State Board of Pharmacy to Chicago druggists to be filled, twenty-three contained no trace of the drug called for, sixty-six were 80 per cent impure and only twenty-one were pure. Is there any punishment too severe for such rascality? Kindly nature might have cured the ills of the sick ones, if the druggists had given no medicine at all, but to pay for the genuine article and be given a counterfeit is robbery and worse when perhaps life and death are at stake. Are our boards of health or pharmacy doing their duty in this matter? The public is helpless and cannot protect itself against adulteration and must rely on expert assistance.

To interpret the talk of the stars does not go in Hoboken. Astrologer Meyer of that town is held in jail for charging $3 for a wireless message from the heavens. He told the court the stars whispered to him in the still night. The unfeeling judge said "Fudge! Stars don't go here." Meyer invoked Jupiter, Mars and Saturn to save him, but at the latest account the stars had not opened their ears to hear and the astrologer languishes in jail until the jury meets for lack of a paltry $300.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

LEFT HAPPY HOME AND WANDERED OFF

Sad Fate of Family Who Were Blessed With Happiness.

FATHER LEFT VERY SUDDENLY

Just a Few Days Prior to His Young Daughter's Marriage He Left Home, Stating to His Wife He Would Soon Return—A Mysterious Case.

Leaving a tender, affectionate wife and a dear daughter and son, J. W. Johnson, who for the past year has resided with his family in this city, is gone, and no one knows where to locate him. His good wife is completely distracted over his long absence and failure to hear from him, and cannot understand his silence. She fears he has been dealt with foully.

Mr. Johnson left home a week ago last Saturday, which was December 31 of last year. His good wife says he left the house about 11 o'clock at night, stating that he was going out for a while, but giving no further information. As the night grew older she became more anxious and impatient, and when the sun peeped over the hillsides she was in an almost hysterical mood, there being no news of the missing husband and father. Not having been accustomed for some time to this manner, Mrs. Johnson thought it very strange, as he left the warm fireside, after an affectionate kiss, on the best of terms. She did not know what his intention was in leaving her under these peculiar circumstances, at this hour of the night, but did not ask him, thinking he would return in a short time. She thought possibly he might have overlooked some Christmas presents for herself and children up town.

There was to have been a wedding at the home of the Johnsons soon, their charming daughter, Miss Jessie, about fifteen years of age and as pretty as a picture, having become betrothed to Jack Long, a promising young man of this city. The departure of Mr. Johnson under these circumstances was particularly more puzzling, and the wife feels that her husband must have become suddenly non compos mentis, or that foul play was a principal factor in the game. The young daughter was to have been married at home, but owing to the circumstances of her father's peculiar leaves-taking, she was deeply grieved, and the home was too sad for her. She was consequently married at the home of Mr. and Mrs. Riles, East Gainesville, notice of which appeared in The Sun.

LAKE BUTLER HAPPENINGS.

A Bunch of Live News From That Busy Little City.

Lake Butler, January 3.—Tate Powell and wife left Monday for Macclenny, where Mr. Powell will engage in the newspaper business, having leased The Macclenny Standard, the only paper in Baker county. It is the wishes of Mr. Powell's many Lake Butler friends that he will meet with much success in his new home.

School started up Monday with a large attendance. Prof. Johnson predicts a larger enrollment than before the holidays.

Wm. Johnson, who has been spending the holidays with relatives in Lake Butler, departed for Monticello Sunday and took charge of his school on Monday.

L. A. Duncan, one of Lake Butler's most prominent business men, made a visit to Starke Monday.

Rance Andrews, a prominent cotton buyer from Lake Butler, was transacting business in Starke Monday.

Mrs. Avery G. Powell and daughter, Maude-Ethel, will leave for Gainesville Thursday, where Mrs. Powell will join her husband who is working for The Sun at that place.

Sidney Rivers and wife will shortly move to Dade City, where Mr. Rivers will engage in truck farming.

Madison Manning, who is working in Wauchula, spent New Year's with relatives in Lake Butler.

The infant daughter of Mr. and Mrs. J. E. Watson died Saturday night and was buried Sunday. The little one was severely burned Thursday, from which injuries she died.

Attorney Removed from Office.

Washington, Jan. 2.—President Roosevelt today directed the removal from office of John H. Hall, United States district attorney for Oregon. Mr. Hall has been prosecuting officer of the government in the land fraud cases and the removal is made in connection with them.

PROMINENT CITIZEN OF MINNEAPOLIS

Claims Vinol Contains One Hundred Per Cent More Curative Value Than Any Other Medicine.

Mr. W. M. Johnson, our local druggist, says: "Such testimony as the following is pouring in from our best class of citizens all over the country and is positive proof that Vinol is a splendid medicine and possesses all the curative, body-building and strength-creating properties which we claim for it."

Mr. Theo. J. Birgelen of Minneapolis, Minn., one of the foremost citizens of this great Western city, writes: "I always stand ready to recommend your cod liver oil preparation, Vinol, as I have found from my own experience that it does 100 per cent more good than any other medicine I have ever tried. For five years we have

THEO. J. BIRGELEN.

used Vinol in our family, and each succeeding year I feel like praising it more and more as the greatest curative and strength-creating tonic in the world."

Mr. Johnson says: "Vinol is not a patent medicine. Everything in it is printed on the bottle. It contains in a concentrated form all the medicinal elements of cod liver oil actually taken from fresh cods' livers, but without a drop of oil or grease to upset the stomach and retard its work. We have never sold anything in our store equal to Vinol to build up the run down, tired and debilitated, and give renewed strength and vitality to the weak and aged, or to cure chronic coughs, colds, bronchitis, or incipient consumption. We ask the people of Gainesville to try Vinol on our guarantee to return money if it fails." W. M. Johnson, druggist.

HELEN KELLAR VISITS MOTHER.

Famous Graduate of Harvard Is Now In Alabama.

Montgomery, Ala., Jan. 3.—Miss Helen Kellar, the wonderfully afflicted young girl, is at her home in Alabama for the first time since 1895, when she left to enter school. She is with her mother at Florence, Ala., and will likely be there for several days.

She will be asked to deliver a talk at the celebration of the eightieth anniversary of the Presbyterian church in Tuscumbia this week, and it is reported she will agree to it.

Miss Kellar is the daughter of the late Arthur Kellar, at one time United States marshal for the northern district of Alabama, and owner and editor of the North Alabaman, at Tuscumbia, now run by Frank N. Julian and associates.

He was one of the leading men of the state in his time, and his daughter is welcomed to Alabama again for her own sake and for that of her dead father as well.

NEGRO SHOOTS TWO WHITE MEN.

Kills Policeman and Wounds Officer's Assistant.

Charlotte, N. C., Jan. 3.—Rural Policeman S. E. Cole, of Belmont Park, a suburb of this city, was shot and killed by a negro named Will Springs, near a negro church.

H. R. Nabors, a machinist and Cole's son-in-law, was shot, but the extent of his injuries is not yet known. The negro became engaged in a quarrel with another negro who went for the officer. The latter drew his pistol and ordered the negro's hands up. Springs put up one hand and with the other drew his pistol and fired on Nabors, who fell. He then shot Cole through the neck. The officer died in three minutes. Nabors regained consciousness in a few moments and fired on the negro, who fell and then regained his feet and escaped.

A posse with bloodhounds is in pursuit and the negro's early capture is expected.

THROUGH CAR LINE.

Through Pullman Car Line to be Operated Port Tampa to New York.

Effective with first car south-bound leaving Jersey City Sunday, November 27th, and first car north-bound leaving Port Tampa Tuesday, November 29th, 1904, the present Jersey City-Jacksonville Pullman drawing room sleeping car now handled on Southern Railway trains Nos. 33 and 34, will be extended and become a Port Tampa and Jersey City Pullman drawing room sleeping car line, operating over the Atlantic Coast Line to Jacksonville, Southern Railway to Washington and Pennsylvania railroad to Jersey City.

This will add materially to the already magnificent train service between Florida and the great East now operated by these three great railroad systems.

Passengers arriving from Havana and Key West have but to transfer from boat to sleeping car, which will land them in Washington, Batimore, Philadelphia or New York without change. Likewise, passengers from Tampa and local stations on the Atlantic Coast Line between Port Tampa and Jacksonville, can take passage in this through Pullman car for points East going via Columbia, Charlotte, Greensboro, Danville, Lynchburg and Washington.

ADVOCATES WHIPPING POST.

District Grand Jury Acts on Roosevelt's Recommendation.

Washington, Jan. 3.—The establishment of a whipping post here for the punishment of whipping post here for the punishment of wife-beaters has been submitted to the chief justice of the District of Columbia supreme court by the grand jury. Two jurors joined in a minority report opposing the recommendations.

The action of the grand jury was based on President Roosevelt's indorsement of the whipping post for wife-beaters in his annual message to congress. The majority report follows:

"The desirability of establishing a whipping post as a means of punishment for wife-beaters and petty larceny offenses has been investigated by this body, and a majority of the members are of the opinion that it would prove very effective in decreasing the number of these reprehensible crimes."

The two dissenting jurors say: "We do not believe in this as a corrective measure."

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

HURT DURING RUNAWAY.

D. T. Tompkins, Well Knokn Manufacturer, Hurled from Vehicle.

Charlotte, N. C., Jan. 3.—D. A. Tompkins, the wel known cotton manufacturer of this city, was seriously injured in a runaway accident early this morning.

The vehicle in which he was riding was hurled against a street sprinkler standing on the side of the street, and when picked up by a policeman a minute or two later. Mr. Tompkins was unconscious.

He was removed to his hotel, where it was found that he had sustained several severe bruises about the head and chest but no broken bones.

He regained consciousness in a short time, and while suffering considerably he will recover.

"Intestinal indigestion" is the new name for a multitude of stomach troubles. It is the recognized cause of heart disease, kidney troubles, constipation, flatulency, inflammation of the bladder, neuralgia, headaches, dizziness, appendicitis and rheumatism. Green's August Flower goes right after intestinal indigestion and quickly clears it out of the intestinal tract, speedily curing any or all of the ailments mentioned. Trial bottle 25c. Big bottle, 75c. At W. M. Johnson's.

Fish Law Unconstitutional.

Charleston, S. C., Jan. 2.—In the United States circuit court Judge Brawley filed an opinion and order declaring unconstitutional the law recently passed by the South Carolina legislature prohibiting the shipment or transportation of shad fish beyond the limits of the state.

NEWS FROM MELROSE.

Interesting Meeting Ladies' Literary Society—New Year Party.

Melrose, Jan. 3.—The Ladies' Literary Society met in regular meeting on Friday afternoon, the paper on the program being by Mrs. E J. Whitehead, "Permission in Art and Literature." Several new members were admitted.

N. Price reports the close of the ginning season, with a total result of 167 bales, averaging 300 pounds each. He has 65,000 pounds of cottonseed, which he will crush and place on the market at an early date.

The total rain-fall during December was 2.05 inches.

Rev. S. T. Lawler paid Melrose a flying visit on Tuesday on his way to Jasper, his new charge. His many friends were pleased to see him.

Among the new arrivals for the season are Mrs. A. M. Darlington, Miss Darlington and H. W. Darlington, all of Westchester, Pa.; also Emory and Robert Bingham of Fitchburgh, Mass. These two young men were born and raised here, being the sons of Dr. R. Bingham, a former resident of Melrose. They are much pleased to be back once more.

Cal and Frank Yearwood have returned to Gainesville to resume their studies at the East Florida Seminary.

Miss Gertrude Westgaard of Gainesville has been the guest of Miss Sadie Mullin for the past week.

Misses Fanny and Kate Mizelle have returned to their posts as teachers after spending the holidays here.

Mr. McConnell of Vienna, Ga., has arrived to take charge of the saw mill about to be built at Lake Luna, two miles northeast of town, by Yearwood & McDonald.

Sam Cooper, colored, one of the crew of the steamer Alert, had the misfortune to lose one of his eyes by the explosion of a too-heavily loaded 22-caliber rifle.

Mrs. E. M. King entertained a number of her friends to dinner at the Huffman House on New Year's eve. After a most excellent dinner, progressive euchre was engaged in at seven tables, the lucky winners of the pretty prizes being H. Tolles, Mrs. J. A. Remmel and W. A. Vogelbach. Playing was stopped about 10 p. m. for light refreshments, and the time until midnight was very pleasantly passed with music and dancing. At the stroke of 12 all joined in singing "Auld Lang Syne," and wished their hostess and each other a very happy New Year. It was a very delightful evening.

The News From Arno.

Arno, Jan. 3.—The holidays are over and our people are getting ready to start their crops for another year.

Many of our people spent a very profitable as well as a very pleasant holiday season attending a series of meetings held in the Forest Grove church by Revs. Hartman and Hart of Paradise. Those of our people who failed to attend missed a rich treat.

School opened again yesterday morning with a good attendance.

F. P. Anderson goes to Gainesville today on business.

M. Foreman is quite sick at his home.

H. Neilor, the extensive celery and fine tobacco grower of Tampa, and wife and family are visiting Mrs. Neilor's sister, Mrs. P. B. Clark, this week.

Alfred Clark, who has been in South Florida for several weeks, has returned.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One note relieves. Guaranteed at 50c and $1.00 by all druggists. Trial bottles free.

Exposition Opens Feb. 1.

Mexico City, Jan. 3.—The Mexican permanent exposition, which it was expected would be opened on Jan. 1, will not open until February 1. The buildings are being stocked with exhibits which have been delayed in arrival. The English and Japanese exhibitors so far lead as to number and value of exhibits.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At all druggists, 25c, guaranteed.

QUICK WORK PREVENTED FLOOD.

A Repetition of the New York Subway Flood Narrowly Averted.

New York, Jan. 2.—Quick work by a gang of men with picks and shovels early today prevented a repetition of the flood in the subway which occurred two weeks ago through the bursting of a water main.

A 36-inch pipe bursted near One Hundred and Forty-fifth street and Broadway and threw a stream of water high in the air. In a moment it was pouring into the submay station and a dozen passengers made a timely escape on a train, suffering only a slight wetting. Men were hurried to the scene and succeeded in diverting the flood to another direction by building a dam. Cellars all about were flooded and the water reached a depth of eighteen inches in the street. About the break the water boiled into a foam as it came from the ground and then took a course down grade as far as One Hundred and Thirty-seventh street and toward the Hudson river. Trolley car traffic was suspended on Upper Broadway. Not a cellar from Broadway to the river was left dry.

The entire water supply of the city below Harlem and above Thirty-fourth street will be affected. The main which broke is one of the two pressure service mains which supply the entire section west of Broadway.

GOES TO PENSION FUND.

Money Found in Iroquois Theater Fire Given to Chicago Police.

Chicago, Jan. 2.—Money found in the Iroquis theater fire after the fire has been turned over by City Custodian DeWitt C. Cregier, to Comptroller McCann, the required year of holding for claimants having passed. The box ful of coins and the envelopes containing charred bank notes and bits of bills are valued at $280, and will go to the police pension fund.

Many of the coins were burned or crushed until almost unrecognizable. A $20 gold piece still showed bright spots through marks of fire. A hole was burned through one packet of $5 bills. There was $79 in redeemable bank notes, $86 in coins in 79 purses, and $115 in loose coin. Two charred bits, believed to be parts of $50 bills, probably will defy identification and redemption by the government on the addition there is a diamond weighing a half carat.

Delivery of coins and purses has been going on for a year upon identification by relatives or owners.

Planted 15,000,000 Flowers.

St. Louis, Jan. 2.—H. B. Stock, the chief florist at the recent world's fair, has tendered his resignation to the exposition company. Mr. Stock will depart early in January for Washington, D. C., where he will accept a position with the government. It has been said that during his service with the world's fair Mr. Stock planted more than 15,000,000 flowers.

End of Testimony in Sight.

Winchester, Ky., Jan. 2.—Today will probably see the end of the testimony in the Marcum case. The testimony is mainly corroborative of the previous testimony. A motion by the defendants, concurred in by the plaintiffs, that the jury be taken to Jackson to view the ground, was overruled by Judge Benton.

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasantest remedy for coughs and colds I have ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

It is our specialty to fit glasses in such a manner that they relieve the eye strain perfectly; fitting the eye with ease and comfort, thus preserving the eye. In examining the eye only the latest and most improved methods and instruments are used.

Physicians especially are invited to call and investigate our methods of correcting errors of reffaction. Many cases of headache, neuralgia, nervousness, irritability, insomnia, vertigo, nervous prostration and the seeming stupidity of children are often due to defective vision caused by an abnormal curvature of the cornea or crystalline lens or to an irregularity of the refracting media of the eye, and are relieved at once upon the application of the proper glasses. Ninety per cent of the people over 40 years of age need glasses, and 50 per cent of the 90 need them for distance.

Glasses are not always given to improve eyesight, but to relieve undue strains—in short to assist nature. Thousands of eyes are ruined yearly. Seven persons out of ten have neither eyes alike, and one out of twenty Astigmatism; hence the necessity of testing each eye separately. Special attention is given to any inequality that may exist between the refraction of the eye.

Optical science has made rapid advances within the last few years; the correct adoption of spectacles has become a distinct profession. The optician who thoroughly understands his business realizes fully that in adjusting glasses for his customers he is treating with a most delicate and precious organ, where the slightest error may result seriously, while if he does his work well he not only gives comfort and ease to his patrons, but in many instances restores the sight.

Special care should be taken in selecting the first pair of spectacles, nor should it be attempted without the aid of a responsible optician. It is most important that the lenses should be accurately centered and of the best quality and the frames so made that the wearer looks directly through the center. Glasses nicely fitted to the face become an ornament as well as a necessity.

Fitting children with spectacles a specialty.

Parents, do not neglect your childen's eyes.

Difficult cases solicited.

All questions in regard to the eyes cheerfully answered.

Friends will be gratified to learn that the child is greatly improved.

NEWBERN HAS A CONTRACT.

Will Grade Twenty Miles of J. & S-W. Roadbed West of Newberry.

W. C. Newbern, for many years track foreman on the Atlantic Coast Line, has secured a sub-contract for grading twenty miles on the Jacksonville and Southwestern railroad west of Newberry, and has already entered upon his contract. He left this city Monday with a force of twenty-eight hands, and stated that he proposed to get at once down to business.

The Jacksonville and Southwestern railroad, which extends from Jacksonville to Newberry, is a part of the Atlantic Coast Line. Having been built by the Cummer Lumber Company originally as a tram road, the projectors, realizing that it would be a profitable venture, improved the roadbed and equipped the road with first-class freight and passenger accommodations. It was later purchased by C. W. Chase who, after operating the road for about a year, sold it to the Atlantic Coast Line.

The J. & S.-W. will now be extended to Deadman's Bay on the Gulf, and the work of grading west from Newberry has already begun. The extension as contemplated from Newberry will be about eighty-six miles, and about twelve months will be required to complete it. This will give the road an outlet on both the Gulf and Atlantic via Jacksonville.

READ THIS.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. BRUTON,
Pastor Baptist Church, Ripley, Tenn.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.
